#### Description

This is an anonymous questionnaire that will allow you as a transitional year faculty member the opportunity to evaluate the transitional year program. It is an ACGME requirement that faculty have the opportunity to evaluate the program confidentially and in writing at least annually.

Do you feel there are adequate resources for the didactic and clinical TY curriculum to include: adequate number of patients, variety of illnesses, adequate educational materials, teaching and attending physicians, and financial support (if no, please explain)? **No**

Comments and/or Observations:

Do you feel that the transitional residents are educated in high-quality medical care based on scientific knowledge, evidence-based medicine, and sound teaching by qualified educators (if no, please explain)? **Yes**

Comments and/or Observations:

Do you feel that transitional residents are being included in planned educational events and level-appropriate educational opportunities during their rotations (if no, please explain)? **(Select one)**

Comments and/or Observations:

Do you feel that the TY program director and TYEC are meeting their responsibilities of complying with program requirements for the transitional year (if no, please explain)? **(Select one)**

Comments and/or Observations:

Do you feel that the transitional year curriculum is current and relevant to prepare transitional residents to either become general medical officers or continue on in their specialty of choice (if no, please explain)? **(Select one)**

Comments and/or Observations:

What do you think the transitional year program does well?

In your view, how can the transitional year program be improved?
